

Deltalab Sterile Water Sampling Bottles with Sodium Thiosulfate (500ml) - Packs of 111

Product Code: 282323

Brand: Deltalab

Deltalab's Sterile Water Sampling Bottles with Sodium Thiosulfate (500ml) - Packs of 111 are specifically designed for examining water that is used for drinking and swimming pools, along with other types of water where chlorine may alter the arrangement of the sample while being transported.

Each water sampling bottle is labelled specifying description, code, lot, and expiry date.

Features:

- Minor sides are gripped for a better handling.
- Larger sides are flat for labelling.
- Tamper evident red cap with an internal joint.
- Hermetical closure.
