

Deltalab Natural Polyethylene Caps for 15 - 16mm Tubes (with Flange Plug)

Product Code: 307202

Brand: Deltalab

Ideal for capping and recapping 15 - 16mm conical tubes, Deltalab's Natural Polyethylene Caps for 15 - 16mm Tubes (with Flange Plug) present significant advantages over other flange caps on the market, which are:

- A larger size, providing a larger surface for finger rest
- Flanges have a large size than on other caps. More space between each flange increases the cap's sealing qualities
- A small internal cavity designed to prevent possible drop spillage
- A raised top for easy-on, easy-off use and to avoid cap deformation from repeated removal
- A ribbed surface.

Specifications:

Colour	Natural
Internal Diameter (mm)	15.40
External Diameter (mm)	17
Total Length (mm)	21.80
Material	Polyethylene
Sterility	Non-Sterile
Quantity	2500
