

## Deltalab 0.5ml Red Graduated PCR Tubes

**Product Code:** 4094.2R

**Brand:** Deltalab

Made of autoclavable polypropylene, Deltalab's 0.5ml Red Graduated PCR Tubes have attached hinged caps, which are flat and easily pierceable.

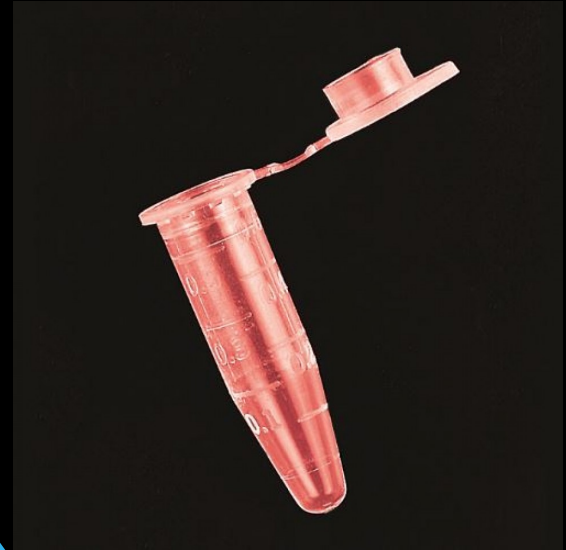

The tubes can be easily opened and closed with one hand.

They have moulded-in graduations in 0.1ml increments from 0.1 up to 0.6ml, and a fronted panel on their side for writing or labelling.

These PCR tubes are certified DNase, RNase, and PCR inhibitors free.
