

Deltalab 0.2ml PCR Tubes (8 Tube Strip Attached to 8 Domed Cap Strips)

Product Code: 4095.IN

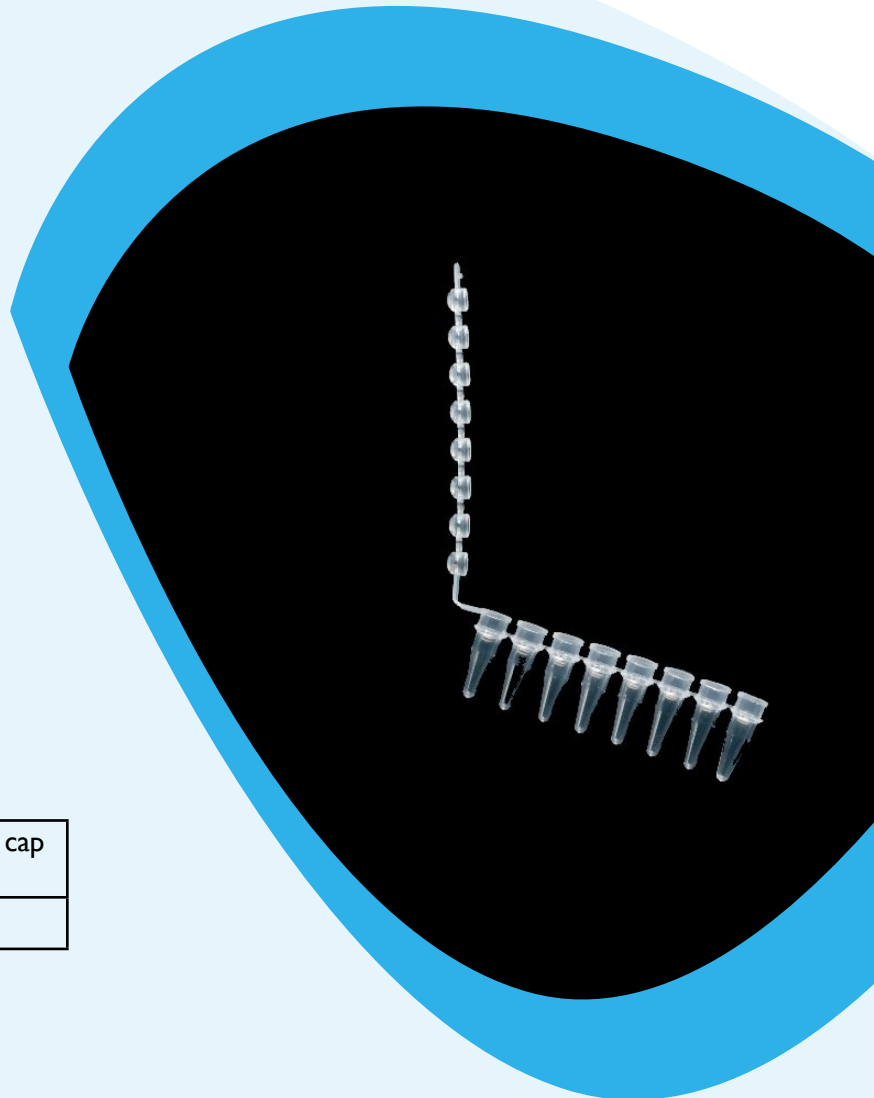

Brand: Deltalab

Made of natural colour polypropylene, Deltalab's 0.2ml PCR Tubes (8 Tube Strip Attached to 8 Domed Cap Strips) are autoclavable and certified DNase, RNase, and PCR inhibitors free.

The cap and tube strips allow easy handling and inventory of tubes and caps. The cap strips prevent cross-contamination from tube to tube.
