

Deltalab EUROTUBO 50ml Skirted Conical Tubes

Product Code: 429901

Brand: Deltalab

Made of transparent polypropylene, Deltalab's EUROTUBO 50ml Skirted Conical Tubes are suitable for centrifugation tests in various laboratories (e.g. immunology, microbiology).

Each conical tube has a continuous thread, moulded external graduations (each 5ml), and blue polyethylene caps with internal elastic obturation to assure an hermetical closure.

These tubes are autoclavable at 121°C with the cap positioned on the thread but uncapped.

Specifications

Description	Skirted
Sterile	No
External Cap (Ø mm)	34.4
Internal Tube (Ø mm)	27.2
External Tube (Ø mm)	29.5
Length with Cap (mm)	117.5
Quantity	500
