

Deltalab Natural Wide Mouth Wash Bottles (250ml)

Product Code: 191637

Brand: Deltalab

Deltalab's Natural Wide Mouth Wash Bottles (250ml) are translucent low density polyethylene bottles with a coloured screw cap and delivery tube. Suitable for a variety of liquid storage and sampling applications, the tops of these bottles provide easy identification. The wide mouth is used to provide fast and easy filling.

Features:

- Feature a one piece cap and delivery tube assembly, thus eliminating air or liquid absorption through the cap.
- Includes a wide neck for safe and easy filling.
- Ribbed caps for a better handling while opening and closing.
- Graduated in 25ml increments.

Specifications:
