

Deltalab Rectangular Coverslips (22 x 22mm)

Product Code: DI02222

Brand: Deltalab

Providing protection for samples and lenses, Deltalab's Rectangular Coverslips (22 x 22mm) are made of clear pre-washed glass with a thickness of 0.13 - 0.16mm.

Supplied vacuum in tropical packs of 200 units, each pack includes a bag of silica salt. The new improved back minimises the risk of pack breakage and ensures a better lock.
