

## Medline 250ml Digital Mantle

**Product Code:** DM-602

**Brand:** Medline Scientific

The Medline 250ml Digital Mantle features an integral digital temperature controller linked to a sensor probe, which is inserted directly into the flask. The temperature is shown clearly on an LED display and the desired temperature is controlled by a simple push button potentiometer.

A retort rod holder is integrated into the base of the unit to accommodate our range of accessories.
