

Dentalab Square Holed Test Tube Rack with Grip (for 20mm Tubes)

Product Code: W-013

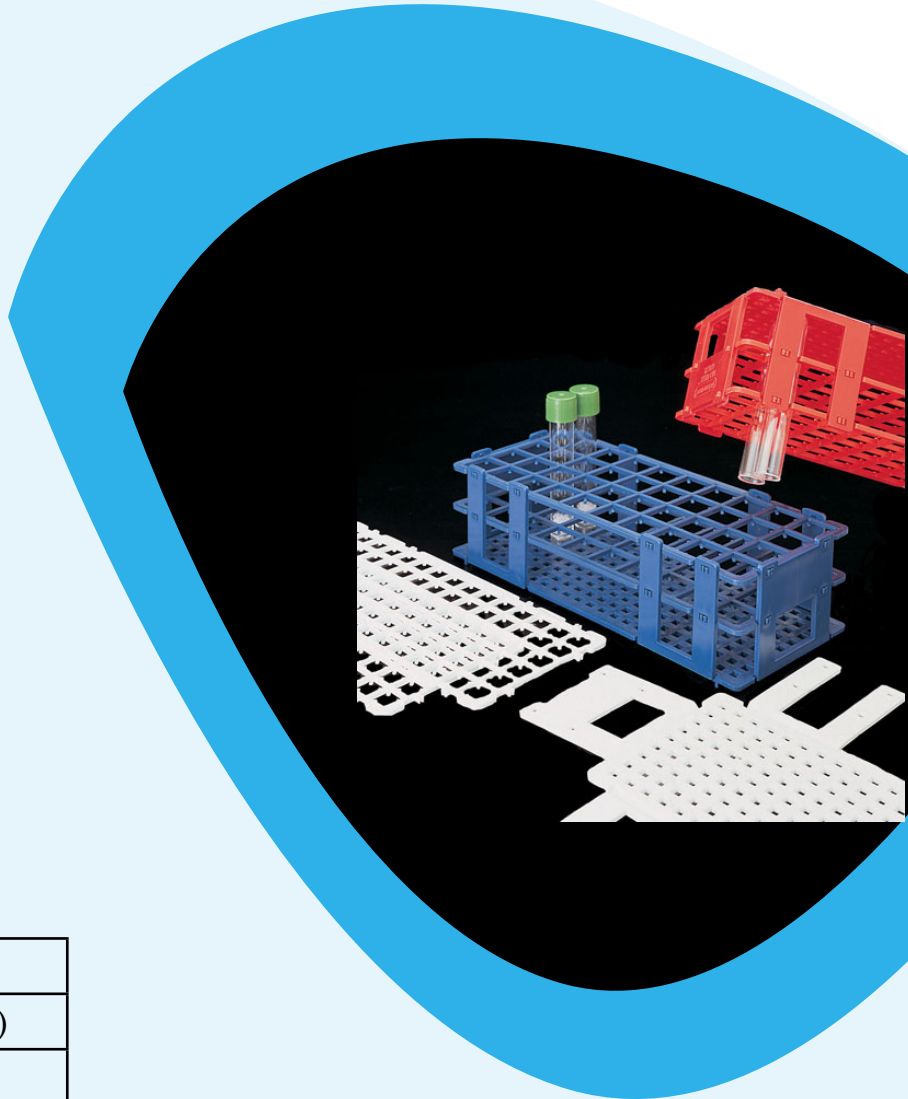

Brand: Dentalab

Autoclavable and stackable when unloaded, Dentalab's Square Holed Test Tube Rack with Grip (for 20mm Tubes) can be dismantled for space saving.

Its unique grip feature ensures that the tubes are firmly held in the rack. An alphanumeric grid reference allows you to easily locate samples. This rack is very easy to assemble.
