Inspired Solutions for your Laboratory

Introduction

 deltalab

 JEIO TECH

Medline Scientific has been a major supplier for the NHS, PHE and private healthcare organisations for over 25 years.

We support medical research and scientific innovation through the provision of high-quality equipment, consumables and services.

With our comprehensive product portfolio and a tailored approach, we strive to meet the requirements of each and every customer.

We offer a complete range of equipment, instrumentation, consumables and services for your histology and cytology workflows. Everything you need to prepare, preserve, cut, stain and view.

Tissue Marking Dye

Provides distinctive and permanent colours that do not 'bleed' into surrounding tissue or wash out during tissue processing. No pre- or post-treatment steps required before or after application. Completely organic and atoxic making dyes suitable for use in theatres at tissue source, and in the laboratory.

Cut Up

	9558.0005	<p>Ceti WFHD5C 5MP Microscope Camera with SD Card</p> <p>All-in-one (HDMI + WiFi + SD Card) C-mount camera with a highly sensitive Sony CMOS sensor, simultaneous HDMI & WiFi output, mouse control, and built-in image capture and video recording to an SD card. PC, Linux and MAC IOS software is included. Can be used with optional 11.6" monitor.</p>	Each
	9556.5800M	<p>Ceti 11.6" HD Monitor for WFHD5C Camera</p> <p>Features a Panasonic IPS LCD (Super TFT) to guarantee a wide viewing angle and high resolution. The LCD panel has true 1080P resolution, a high contrast ratio (up to 1000:1), LED backlight with 50,000 hours long life time and an 11.6" active area.</p>	Each

CX43 Upright microscope

The CX43 is a compact routine microscope that is versatile enough for all clinical microscopy tasks. The UIS2 optics give excellent flat images and the adjustment-free illumination system ensures consistent image quality and increases in work efficiency. The small foot print and upgrade options make the CX43 an excellent choice for routine clinical environments.

- Pre-set Kohler illumination for adjustment free, optimal image quality
- Uniform illumination with consistent colour temperature at any brightness level
- Easily upgradeable for polarised light, phase contrast and fluorescence sample observation, as well as digital imaging
- Long life time LED illumination (60,000 hr) with low power consumption for reduced running costs

BX43 Upright microscope

The BX43 is a modular clinical microscope ideal for every clinical application. The true colour LED illumination is designed specifically for clinical samples such as H&E stained tissue. The BX43 is a fully flexible system that can be configured to meet the optical and ergonomic requirements of any clinical laboratory.

- True colour LED illumination optimised for pathology applications
- Olympus UIS2 objectives give excellent optical performance for flat images
- Light Intensity Manager sets correct light level for each magnification, reducing eye fatigue and improving work efficiency
- Fully modular system allowing future flexibility for observation methods and digital imaging
- 20,000 hour LED life time with low power consumption for reduced running costs

OLYMPUS
Your Vision, Our Future

CX43 Upright binocular microscope for brightfield sample observation with 4x, 10x, 20x and 40x magnification objectives.

BX43 Upright binocular microscope for brightfield sample observation with 4x, 10x, 20x and 40x magnification objectives.

M8 – Microscope and scanner

With the M8, you can digitise your microscopic workflow. The M8 serves both, as a microscope and a scanner. It allows you to directly work on your samples via real-time scanning. You can perform various analyses, and scan your slides for documentation and future viewing. Sharing your slides and working remotely is easy.

Benefits:

- Quickly digitise samples
- Access samples from anywhere at anytime
- Instantly navigate across slides with real-time scanning
- View and annotate samples live; share and discuss with colleagues all over the world
- Cloud and image analysis
- Easy-to-use design and easy-to-clean horizontal stage

O8 – Oil Microscope and scanner

The unique solution for oil immersion whole slide scanning, real-time scanning and general digital microscopy. Having access to whole slide digital images helps users to simplify and standardise their work, thereby increasing efficiency and quality. Accelerate and digitise your workflow with the O8.

Benefits:

- Best-in-class solution for oil immersion scanning
- Whole slide imaging with 100x oil objective
- Access samples from anywhere at anytime
- Instantly navigate across slides with real-time scanning
- Easy-to-use design and easy-to-clean horizontal stage
- Cloud and image analysis

Storage			
Product type	Part number	Description	Pack
Refrigeration	LIEBLGUEX1500	Liebherr LGUex 1500 MediLine Spark-free freezer Laboratory under bench freezer (139L) with static cooling and spark-free (ATEX 95 rated) interior, designed especially for storing explosive and highly flammable substances. Dimensions: HxWxD 820 x 601 x 618mm.	Each
	LECLSFC263UK	LEC LSFC263UK Spark-free fridge-freezer Laboratory fridge-freezer (263L) with advanced controller, audible alarms and an anti-microbial powder coated handle. Dimensions: HxWxD 1680x 540 x 600mm.	Each
	LECLSFSR158UK	LEC LSFSR158UK Spark-free fridge Laboratory under bench fridge features a digital controller, spark free interior, a lockable door and audible and visual temperature alarms. Dimensions: HxWxD 850 x 595 x 660mm.	Each

Stirling Ultracold ULT freezers

With innovative compressor-free technology, the SU780XLE (780L) ULT freezer offers secure, reliable and energy-efficient storage.

- Free-piston Stirling engine technology
- Uses 70-75% less energy than standard cascade compressor-based ULTs
- Largest storage capacity per m² of floor space

Also available: SU105UE (105L) compact under bench and ULT25NEU (25L) portable models.

Microtomy / Cryotomy

Product type	Part number	Description	Pack
Freeze spray	CSP/20/0/002.12	Cryospray	12 x 150ml

Cut Up / Microtomy

Product type	Part number	Description	Pack
Accessory	CSP/19/0/001.1	Slide and cassette marking pen	PK 1

Coverslipping

Product type	Part number	Description	Pack
Mounting Media	COH/11/0/001.05	PX mounting media	1 x 500ml
	COH/11/0/001.1	PX mounting media	1 x 1 Litre
	COH/11/0/002.05	DPX mounting media	1 x 500ml
	COH/11/0/002.1	DPX mounting media	1 x 1 Litre

Cryotomy

Cryotomy			
Product type	Part number	Description	Pack
Cryotomy Mounting Media	CSP/20/0/001.100	Killik OCT	4 x 100ml
	CSP/20/5/001.100	Killik OCT, blue	4 x 100ml
Cryostat Disinfectant	CSP/20/0/002.125	Cryostat disinfectant	1 x 125ml
Cryostat Oil	CSP/20/0/003.2	Cryostat oil	2 x 100ml

Staining

Staining			
Product type	Part number	Description	Pack
Equipment	ESP/3/0/800.1	Carousel automatic staining machine 24-position carousel staining machine with built in extraction, running water connections and high capacity 65 slide staining rack. Fully programmable through user-friendly touchscreen display. Memory for 999 different staining protocols. Dimensions: 750 x 750 x 650mm.	Each
Primary Stain	COH/13/0/001.5	Haematoxylin, Mayer	1 x 5 Litre
	COH/13/0/002.5	Haematoxylin, Harris, non acidified	1 x 5 Litre
	COH/13/0/003.5	Haematoxylin, Harris, acidified	1 x 5 Litre
	COH/13/0/005.5	Eosin Y 1% Aqueous	1 x 5 Litre
	COH/13/0/006.5	Eosin Y 1% Alcoholic	1 x 5 Litre
	COH/13/0/007.5	Eosin Y 0.5% Aqueous	1 x 5 Litre
	COH/13/0/008.5	Eosin Y 0.5% Alcoholic	1 x 5 Litre
	COH/13/0/009.5	EA50 PAP	1 x 5 Litre
	COH/13/0/010.5	OG6 PAP	1 x 5 Litre

Also available in 1 L pack size. Haematoxylin, Gill's 2 and 3 also available.

Staining

We have included some of the most popular staining kits below. However, we have a full range available; please contact us for more information.

Staining			
Product type	Part number	Description	Pack
Special Staining Kits	CSH/13/0/04090805M	Bio-Optica MGG quick stain 0,5 l - 2 bottles of reagent A + 1 bottle of reagent B + 1 bottle of reagent C	Kit
	CSH/13/0/04220943	Bio-Optica Oil Red O	100 Tests
	CSH/13/0/04180807	Bio-Optica Perls	72 Tests
	CSH/13/0/04040802	Bio-Optica Gordon-Sweet for Reticulum Fibres	100 Tests
	CSH/13/0/04040801	Bio-Optica Silver Impregnation	100 Tests
	CSH/13/0/04210923	Bio-Optica Sirius Red	100 Tests
	CSH/13/0/04121873	Bio-Optica Sirius Red Picrate	100 Tests
	CSH/13/0/04210822	Bio-Optica Congo Red	100 Tests
	CSH/13/0/04010802	Bio-Optica Masson Trichrome	100 Tests
	CSH/13/0/04011802	Bio-Optica Masson Trichrome Goldner	100 Tests
	CSH/13/0/04160802	Bio-Optica Alcian blue pH 2.5	100 Tests
	CSH/13/0/04110802	Bio-Optica Ziehl-Neelsen	100 Tests
	CSH/13/0/04111802	Bio-Optica Ziehl-Neelsen Fite	100 Tests
	CSH/13/0/04043823	Bio-Optica Grocott	120 Tests
	CSH/13/0/04081802	Bio-Optica May Grunwald Giemsa	100 Tests
	CSH/13/0/04100802	Bio-Optica Gram	100 Tests
	CSH/13/0/04130802	Bio-Optica PAS	100 Tests
	CSH/13/0/04061010	Bio-Optica Rapid Frozen Section	100 Tests
	CSH/13/0/04120802	Bio-Optica Feulgen	100 Tests
	CSH/13/0/04055802	Bio-Optica Orcein	100 Tests
Staining	CPH/12/0/001.1	AnatoPath Acid Alcohol 0.5%	1 x 5 Litre
	CPH/12/0/002.5	AnatoPath Acid Alcohol 1%	1 x 5 Litre

Staining

Staining			
Product type	Part number	Description	Pack
Staining Accessory	200003	Medline 1ml Non-sterile graduated Pasteur pipettes	PK 500
	200006	Medline 3ml Non-sterile graduated Pasteur pipettes	PK 500
	200004	Medline 1ml Ethylene Oxide sterilised graduated Pasteur pipettes, peel-packs, individually wrapped	PK 500
	200007	Medline 7ml Ethylene Oxide sterilised graduated Pasteur pipettes, peel-packs, individually wrapped	PK 500
	ASP/12/0/001.1	Liquid blocker (PAP) pen	PK 1
	ASP/12/0/1010	Manual staining set, stainless steel rack with 12 dishes	PK 1
	ASP/12/0/1020	Manual staining set, stainless steel rack with 3 dishes	PK 1
	ASP/12/0/1030	Staining dishes with lids attached	PK 12
	ASP/12/0/1033	Staining dishes with separate lids	PK 12
	ASP/12/0/1042	Slide staining rack for 25 slide with handle	PK 6
	ASP/12/0/15001	Stainer for special stains and manual immunohistochemistry	PK 1
	APP/12/0/010.1	6 slide, 50ml Coplin staining jar	PK 1
	APP/12/0/011.1	8 slide, 70ml Hellendahl staining jar	PK 1
	APP/12/0/012.1	10 slide staining set: 90ml dish with lid, rack and removable handle	PK 1
	ASP/12/0/010.1	Staining countdown timer	PK 1

Archiving

Archiving			
Product type	Part number	Description	Pack
Archiving Cabinet	ASP/15/5/03V186500B	High capacity slide filing unit, 1023x725x1625mm. Approx. 161,000 slide capacity	Each
	ASP/15/5/03B56600B	High capacity block filing unit, 1023 x725 x 1625mm. Approx. 44,000 block capacity	Each
	ASP/15/0/03-5000-MDL	Separating spring for high capacity slide filing unit	PK 4
	ASP/15/0/101.1	14 Drawer stackable slide cabinet, 490 x 490 x 140mm	Each
	ASP/15/0/102.1	14 Drawer stackable block cabinet, 490 x 490 x 90mm	Each
	ASP/15/0/103.1	7 Drawer stackable 'Super Mega' slide and block cabinet	Each
	ASP/15/0/104.1	Lid for stackable archiving cabinets	PK 1
	ASP/15/0/105.1	Base for stackable archiving cabinets	PK 1
	ASP/15/0/106.1	Spacer spring for stackable slide filing cabinet	PK 1
	ASP/15/0/001.1	Block filing cabinet, plastic, 8 drawer	Each
Transport	CPP/21/0/020.5	Cardboard slide tray with lid for 20 slides	PK 5
	CPP/21/0/015.100	Mailer, 5-slide	PK 100
	CPP/21/0/012.500	Mailer, 2-slide	PK 100

Cytology			
Product type	Part number	Description	Pack
Cytology Fixative	CPH/7/0/005.200	AnatoPath cyto fixative spray, in spray bottle	1 x 200ml

PRAME: Preferentially Expressed Antigen in Melanoma

PRAME is a CE IVD immunohistochemical marker that can be used to assist in the differentiation between benign and malignant tumours.

- IVD approved
- Available as ready-to-use or concentrate

IHC			
Product type	Part number	Description	Pack
Antibody	CSH/17/0/2PR29513	PRAME, RbM, QR5 Clone, CE IVD, ready to use	1 x 7ml
	CSH/17/0/1PR29507	PRAME, RbM, QR5 Clone, CE IVD, concentrate	1 x 1ml

Our comprehensive portfolio of laboratory support services is designed to keep your equipment and instrumentation running reliably and efficiently, for longer. We offer flexible, tailored solutions with simplified communication via our dedicated Service Portal.

Benefits:

- ✓ Minimise unplanned and costly downtime
- ✓ Safeguard your valuable work
- ✓ Maximise equipment efficiency and prolong life cycle
- ✓ Ensure accuracy and reliability for your research or production
- ✓ Reclaim valuable laboratory space
- ✓ Peace of mind for busy laboratories
- ✓ Online help desk system for simple logging of issues

Don't let unplanned downtime delay your research

Our services include:

- Health checks, service and maintenance contracts, and breakdown cover for fridges, freezers, ULTs and cryogenics to -150°C
- Extended warranties and repairs for equipment and refrigeration
- Temperature calibration
- ULT freezer hire/loan service
- Off-site bio-repository solutions
- Wireless alarm monitoring systems
- Sustainability services such as energy monitoring and 'green upgrade' for refrigeration
